From the School Liaison

June 2025

Hello Families,

Below are some wonderful resources available to you:

What is the Military Interstate Compact (MIC3)?:

Moving with school age children can be hard. Each local school system has different roles. “The Compact deals with the educational challenges of military children due to their frequent relocations. It allows for the uniform treatment of military children as they transfer between school districts in member states. Note: The Compact only applies to public schools and United States Department of Defense Education Activity (DoDEA) schools” (MIC3, 2023).
