PROFESSIONAL DEVELOPMENT

Empowering Neurodivergent Teens to Thrive in School

ABOUT THIS WEBINAR:

This webinar will share helpful ways to support neurodiverse teens and those who struggle with learning.

You'll learn how to spot signs that a young person might think or learn differently, even if they don't have a diagnosis. We'll talk about how to help them build skills, gain confidence, and speak up for what they need.

You'll leave with practical tools and strategies to create safe, welcoming spaces where all young people can thrive.

PRESENTER:

Kim Patton, Ph.D.

Assistant Director, Illinois
Neurodiversity Initiative at the
University of Illinois Urbana-
Champaign

LEARNING OBJECTIVES

In this webinar we will:

1. Learn to recognize signs a young person may think or learn differently, even if they haven't been officially diagnosed.
2. Discover simple, effective ways to support neurodiverse teens in different learning settings.
3. Use tools and resources that help young people build independence and speak up for themselves.
4. Create inclusive spaces that respect and celebrate how neurodiverse youth see and experience the world.

HOW TO CONNECT:

- Visit the webinar event page and click "Register"
- Check your email for a link to the live event
- Can't come to the live event? Return to the webinar event page after the live date to view the recording.
- A certificate of attendance is available and some types of continuing education credits are all provided at no cost.
